

Director of Operations | Senior Project Manager

Location: Saskatoon, Saskatchewan

Wage: salary of \$100,000 or more, depending on experience

Timeline: full time, permanent

Site work schedule: typically four ten-hour days, with overtime paid after forty hours

Office work schedule: typically five eight-hour days, with overtime paid after forty hours

Are you a **construction project manager** and **visionary leader**, with **rural roots**? **Let's talk!**

Our Mission

Bridges in rural Manitoba and Saskatchewan are being replaced instead of repaired or neglected instead of maintained, adding undue cost to taxpayers.

- ✓ Our Solution: we collaborate with local leaders to provide fiscally responsible, proactive, and preventative maintenance options.
- ✓ Our Advantage: we empower clients by uniquely combining engineering and construction expertise.

Our clients include municipal, provincial, and federal governments, First Nations peoples, short-line rail companies, and trail associations. Our body of work consists of vehicular, rail and pedestrian bridges.

Apply today to join the prairie's leading rural bridge company! Find out more about us at www.pier-solutions.ca

Job Description

Director of Operations

As Pier's Saskatchewan Director of Operations, you are tasked with building our Saskatchewan team to usher in the next generation of short-span bridges. This includes rural municipal (RM), provincial, and short-line rail bridges.

- Strategic planning and business development: develop and implement a plan for extending Pier's engineering and construction services throughout Saskatchewan
- Business development: foster relationships with infrastructure owners and stakeholders, further generating contracts
- Executive leadership: join Pier's leadership team meetings, including bi-weekly check-ins, quarterly performance reviews, and annual strategic planning meetings
- Innovation and sustainability plan: develop and implement a plan for setting Pier Solutions as international and national bridge management leaders

Senior Project Manager

As Pier's Senior Project Manager, you are tasked with leading large construction projects, providing overall direction for engineering and construction services, as well as mentoring project managers and project coordinators. Your responsibilities include the following:

- Leading large project proposal development and contract negotiations
- Providing senior project management leadership on major projects, delegating responsibilities, and managing subcontractors
- Providing the primary point of contact for clients and leading client meetings, fostering a collaborative and trusting environment
- Performing general labour, as needed

Education and Experience

- Leadership experience and training (of varying types)
- 10-plus years of project management experience
- Civil tech diploma or civil engineering degree
- Construction/carpentry experience is an asset
- Bridge experience is an asset

Application

Please submit your resume to team@pier-solutions.ca.

We are excited to hear from you!
